- Information Technology Update

Transforming to Meet the Future

The Problem

Lots of Action – Lots of Direction

The Challenge
. . .Align to the Mission

WR-ALC "North Star"

We Provide Combat Capabilities for DoD Warfighters and Our Allies Through Superior Acquisition and Sustainment . . .

Now and in the Future!

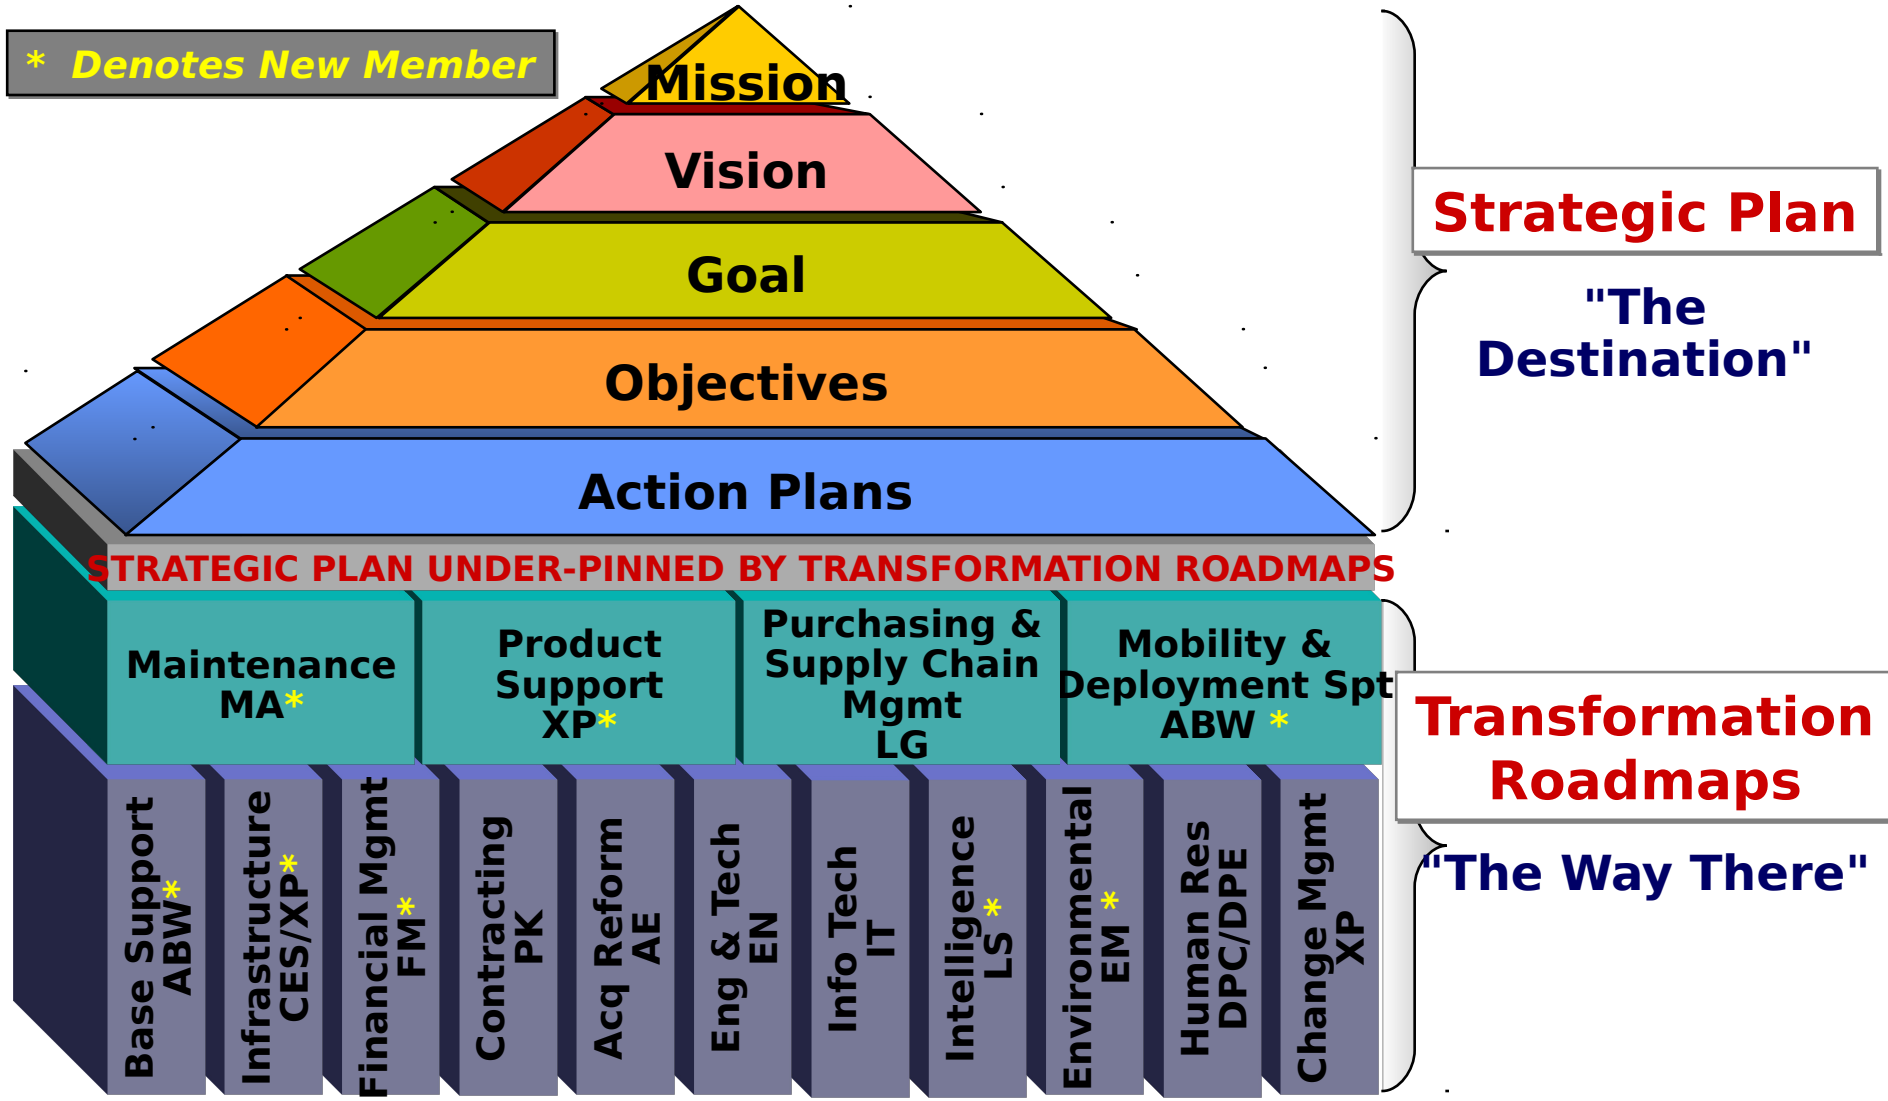
Effects-Based Capabilities for the Warfighter

Align Mission
. . .to Combat Transformation

- Link all performance metrics to delivery of effects-based capabilities:
  - Are they more available?
  - Do they perform better?
  - Are they more deployable?
  - Are they more affordable?
  - Are they survivable?

Relevant to the Future

Transforming to Meet the Future



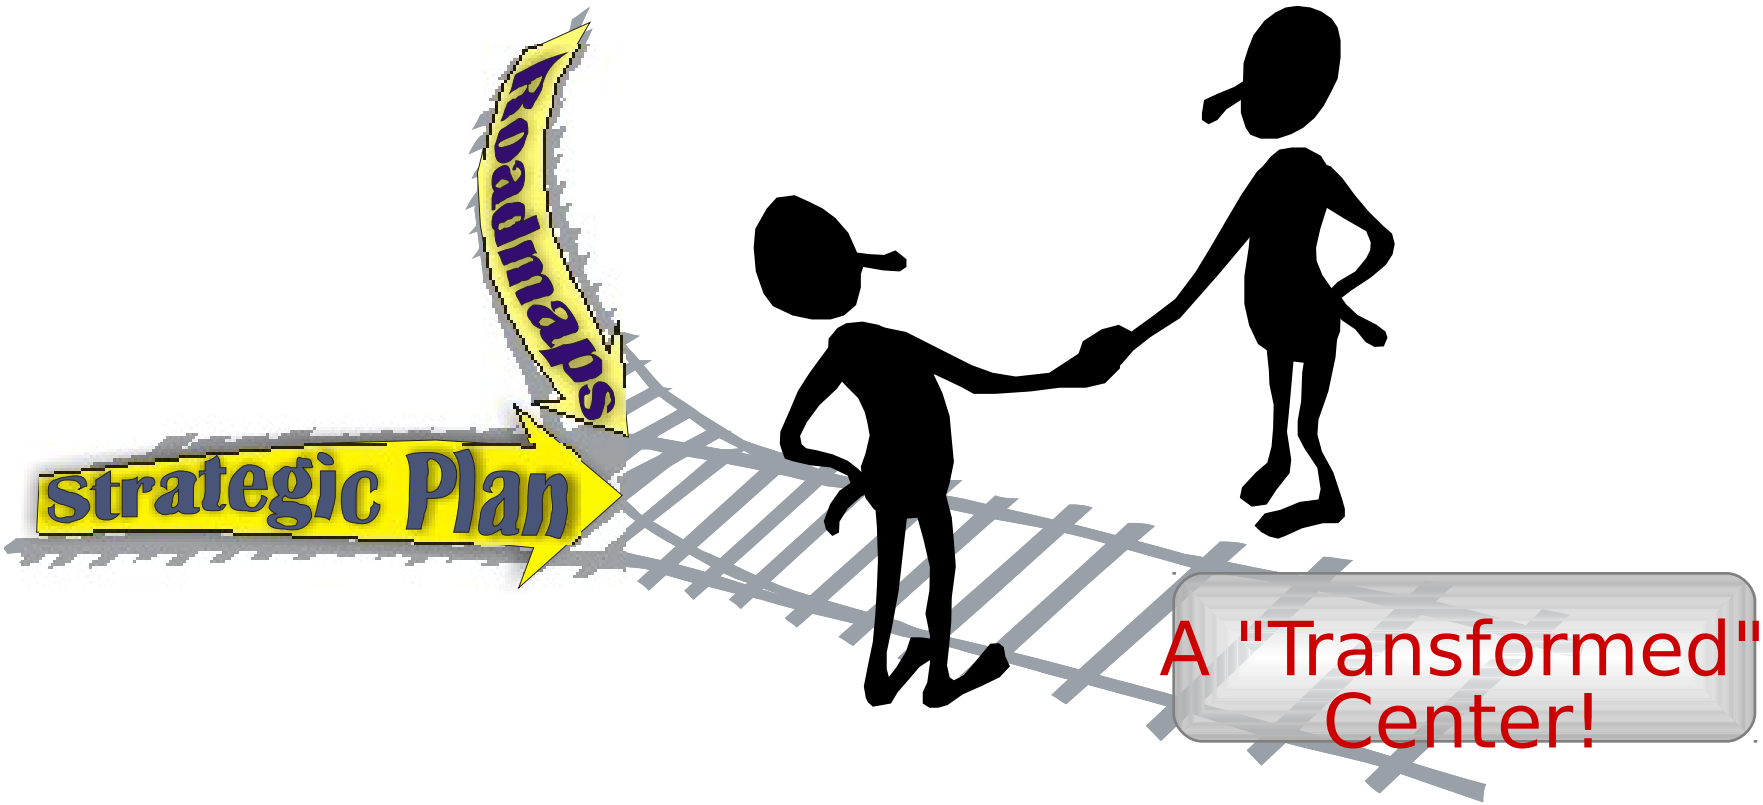
Transformation Roadmaps

Transformation Roadmaps

CY03 Timeline

Objective of WR-ALC Transformation

- To ensure whichever road is traveled—that in the end—we all reach the same destination.
- Questions?
  - PK POC: Kim McDonald, PKPB, 6-1922



DCMA Business Rule Changes

Effective 1 Oct 2003: No Government source inspection on contracts under $250K *unless* approved one level above PCO *and* there are significant technical requirements *and* critical product features have been identified *and* the contract is awarded to OEM/producer.
